

Globalstar GSP-1600 Phone

The Globalstar GSP-1600 Satellite Phone connects you today in places where traditional communications may never go. With its handheld portability, the Globalstar phone is perfect for people on the go. Whether you are at remote job sites, off-road, or offshore, the Globalstar handheld phone connects you to the people and information that you need most. Cost at checkout includes \$50 activation fee charged by SatWest.

It's satellite, cellular, and access to the Internet. All in one state-of-the-art, 12 ounce digital satellite phone. Smaller than most cordless phones, the Globalstar Handheld Phone gives you crystal-clear digital satellite voice connections, connects to cellular systems where available, and provides real-world Internet and E-mail Access with the optional Globalstar Data Kit. A full range of optional accessories including Vehicle Kits, as well as many innovative Globalstar approved third-party products help customize a solution to keep you in contact and in control.

NOTE: Requires a completed service agreement. Please download the [Globalstar Service Agreement](#) (PDF, 406k) and fax to SatWest. Service will be charged by Globalstar.
