

## L-1 Satcom Kit For Lear Jets

The Satwest L-1 Kit is the world's lightest and most versatile integrated aeronautical communications device with an STC for Lear Jets. The L-1 provides security and crew safety for air logistics applications. Phone and data access is available everywhere you operate.

### ***Network from Anywhere***

The L-1 supports narrow band networking for aircraft requiring text messaging, email, FTP, and Internet access.

### ***Evolve your requirements***

The L-1 was designed with application versatility in mind. Order the features you require and add more in the future should the need arise. Change doesn't have to be expensive.
